PROJECT SUMMARY

PROJECT: United States Forestry Service, GSA
PRINCETON, WV

PROJ. MANAGER: Chris Stanley

TYPE: Prime Subcontractor

OWNER: United States Forestry Service, GSA

ARCHITECT: Design Build with Bluescope Construction: Kansas City, MO

CONTACT: 816-245-6874 Kevin Hawkins

CONTRACT : \$168,000.00

TIME PERIOD: 12-1-2009 THRU 4-30-2010

DESCRIPTION: MSB was contacted by Bluescope Construction, Inc./GSA Services to be the prime subcontractor for the GSA contract that Butler Metal Buildings had procured. MSB's experience as a Certified Butler Metal Building Dealer/Builder helped in constructing the 36'x44'x14' metal structure. The U.S. Forest Service will use the building as a maintenance garage for various equipment they own. The job was completed in April of 2010.
